Read the following sections from Chapter 1 of your text book (Remember that you can read your textbook interactively when you read it in MindTap)

Chapter Introduction

1-1 The Atmosphere and the Scientific Method
1-2 Overview of Earth's Atmosphere

- **1-2a** The Early Atmosphere (Also watch the video about how stromatolites helped develop the atmosphere)
- **1-2b** Composition of Today's Atmosphere – the entire section with all the figures including table 1.1)

1.3. Vertical Structure of the Atmosphere

1.4 Weather and Climate (Note that under section 1-4b, I have added web link about Hurricane Dorian from National Hurricane Center).
